BODY-SUPPORT TUBES AND DIRECT-ATTACH WIRES

DUAL ONE-PIECE TUBULAR LEGS

SEAT SUPPORT CROSS-WIRES

Hospitality – sofa sleeper system – standard duty.

2700 Max Series features a body-support tube and direct-attach body wires to enhance support and eliminate sagging. Its contoured seat section offers a wider seating area by allowing seating closer to the arm without feeling the mechanism. The seat support wires add durability and comfort to the seating and sleeping areas.
